## Town Board Discussion

- Based on the stats above, if the town board wanted to go to TWO (2) Thursdays a month (1st and 3rd) we may want to look at a 6:30PM workshop start and a 7:30PM regular town board start. The 7:30PM start of the Regular Board meeting should be the cornerstone as:
  - i. we may NOT have a workshop scheduled
  - ii. we may move workshop to 7PM if only 1 agenda item,
  - iii. if workshop goes LONG, you can start the 7:30PM scheduled regular meeting LATER than 7:30PM.... but you cannot start it earlier.
- Based on Town Board member discussion at May 9 workshop, would we be open to starting this new schematic in August 2024?
  - NO corrective resolution from the January 2024 Org meeting needs to be done if the intent is to keep the regular town board meetings at 7:30PM on the 1st and 3rd Thursday of the month
