<p>Old Business- 1209 Creekside Trail Cell Tower Deasy and Seiler conducted a site review of project. They noted they observed no houses from site location and noted all trees in area are taller than projected tower. Site was gravel area that would not remove any trees. Xerox Solar Farm Zlotkus conducted site review of project. Location is an old Xerox dumpsite that has ground water testing wells throughout with dirt tracks leading to test sites. Plan calls for clearcutting and installing fence but no ground disturbance. Parts of site are paved blacktop. Area contains deer which were observed. Will contain woodland buffers with residential neighborhoods. Pollinator gardens will be planted, and area will be trimmed to keep greenery lower than solar panels.</p>
